

# CONQUER.

## Rules of Play. For the love of the game.

- All players must show up on time. If you are late, you are not guaranteed to play.
- Leave the game as soon as you know you cannot attend. An uneven number of players ruins the game for everyone. We have a 3-strike policy with no shows: 1 week ban, 1 month ban, lifetime ban.
- No fighting with or cursing at other players. Conquer is a competitive platform and we encourage some trash talk and banter. There is a line, and if you cross it and are reported, you will be banned.
- The commissioner is the boss. Do not give the commissioner a hard time. If they report you, you will risk being banned.
- Be respectful of the competition level. If you are a beginner, don't join an advanced game. It's not fun for anyone.
- Play hard. While some games are less competitive than others, a lack of effort ruins the game. If you aren't going to play hard, do not join the game.
